Summary

Full Stack Web Developer (MERN Stack) with hands-on experience building and deploying production-ready web applications via freelance and personal projects. Proficient in React.js, Node.js, Express.js, MongoDB, Next.js, TypeScript, REST API development, JWT authentication, and CI/CD workflows. Experienced in delivering role-based dashboards, payment gateway integration, and end-to-end scalable solutions independently – from requirements to deployment.

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript, Java, SQL, Python
- **Frontend:** React.js, Next.js, HTML5, CSS3, Tailwind CSS, shadcn/ui, Framer Motion, Vite
- **Backend:** Node.js, Express.js, REST API Development, JWT Authentication, API Integration
- **Databases:** MongoDB (Mongoose), Firebase Firestore, Supabase (PostgreSQL)
- **Tools & Platforms:** Git, GitHub, Vercel, Netlify, Cloudinary, Razorpay, Stripe, EmailJS, Postman, CI/CD (GitHub Actions)

Experience

Machine Learning Intern · CreativeArc Services Pvt. Ltd. Dec 2025 – Mar 2026
Pune, MH

- Developed and deployed an end-to-end ML project using **Python and SQL**, building data pipelines and integrating **REST APIs**; deployed via **CI/CD workflow** with clean Git branching (feature branches, PRs).
- Followed **Agile methodology**, participated in code reviews, and collaborated in a remote cross-functional team environment across the full SDLC.

Full Stack Web Development Intern · Kiran Academy – Java By Kiran Feb 2025 – Jun 2025
Pune, MH

- Trained in Full Stack Web Development with focus on **Java**, OOP principles, data structures, and server-side development concepts in a structured, team-oriented environment.

Projects

LEGACY XI – Full Stack E-Commerce Web Application (MERN) Live

React.js · Node.js · Express.js · MongoDB · JWT Authentication · REST API · Razorpay · Stripe · Cloudinary · Vercel

- Independently built a **full stack MERN e-commerce platform** end-to-end – customer storefront with **25+ jersey listings**, product filtering, cart management, and complete checkout flow.
- Developed a **dedicated Admin Panel** enabling admins to add/manage products, view full inventory list, track all placed orders, and update order statuses in real time.
- Implemented **JWT authentication**, role-based access control (RBAC), **Razorpay and Stripe** payment gateway integration, and **Cloudinary** for image upload and media management.

Saraswati Classes – Frontend EdTech Web Application (Freelance) Live

React.js · React.js · TypeScript · Tailwind CSS · shadcn/ui · Framer Motion · REST API Integration · Vercel

- Solely built the entire **frontend** of a production-grade EdTech platform – SEO-optimized pages (Courses, Test Series, Blogs, Results) with reusable, scalable React and Next.js components.
- Delivered **role-based Admin and Student dashboards** – content management, test attempts, performance tracking, and recording access – with authentication-based routing and real-time UI updates.
- Collaborated with backend developer to define **REST API contracts** and integrated all backend services for dynamic data rendering across the full application.

Rise N Shine Coaching – Responsive Frontend Web Application (Freelance) Live

React.js · TypeScript · Vite · Tailwind CSS · shadcn/ui · Framer Motion · EmailJS · Netlify

- Independently designed, developed, and deployed a **fully responsive web application** with Framer Motion animations and reusable component architecture; achieved fast load times via Vite bundling.
- Integrated **EmailJS API** for zero-backend lead capture – funnelled **50+ student inquiries** in the first month, a ~35% engagement improvement over client's previous static site.

Education

Zeal College of Engineering & Research, Pune Sep 2024 – Present
B.Tech. in Artificial Intelligence & Machine Learning Pune, MH

Bharati Vidyapeeth Institute of Technology Aug 2021 – Aug 2024
Diploma in Computer Technology Navi Mumbai, MH

Achievements

- Selected in **Smart India Hackathon 2025 (Internal Round)**, representing college-level shortlisted teams for national-level competition.
- Certified participant – **ADAPPT 4.0 Hackathon (NMIMS Mumbai)** and **RIFT '26 Hackathon (PhysicsWallah)**; active member of **Google Developer Groups (GDG) On Campus, SSPU**.
- Delivered **2 freelance client projects** independently – production-deployed with real users, REST API integration, and scalable frontend architecture.
