SUMMARY

Fresher currently pursuing a Bachelor's degree in Artificial Intelligence and Machine Learning (3rd Year) with a strong foundation in full-stack web development and data analytics. Skilled in MERN + Next.js stack, Firebase, Tailwind CSS, React.js, PHP, and Node.js, with additional expertise in Power BI and Tableau for data visualization. Familiar with AI/ML concepts and algorithms, with hands-on experience from multiple internships and projects in Web Development, Data Science, and AI/ML. Passionate about leveraging technology to solve real-world problems, while aspiring to grow as a Data Analyst and Full-Stack Developer.

TECHNICAL SKILLS

Programming Languages: Java, Python, PHP, JavaScript, TypeScript

Web Development: HTML, CSS, React.js, Next.js, Tailwind CSS, ShadCN UI, Node.js, Express.js, Bootstrap

Databases and Cloud: MySQL, SQL, MongoDB, Firebase (Auth, Firestore, Hosting)

Machine Learning and Data Science: NumPy, Pandas, Scikit-learn, ML Algorithms, Power BI, Tableau

PROJECTS

AnonConnect

Aug 2025 – Aug 2025

Anonymous Chat Platform

(React.js, Node.js, MySQL, Gemini API, TailwindCSS)

- a Real-time anonymous chat platform with themed rooms (Fun, Study, Coding, Gaming, Startups and many more).
- Developed scalable backend with Node.js and Firebase for chat history, sessions, and user management.
- Integrated Gemini API as an AI-powered chatbot to provide witty and helpful replies.
- Designed a clean, mobile-first UI using React.js + TailwindCSS for seamless cross-device experience.

EchoWrite AI

Aug 2025 – Aug 2025

AI-Powered YouTube Transcription and Summarization Tool

(React.js, TailwindCSS, Firebase, Gemini API, ytdl-core)

- Built a web app to transcribe YouTube videos into text with translation and AI-powered summaries.
- Integrated Gemini API for transcription, translation, and summarization features.
- download of YouTube video data and transcripts in TXT and CSV formats for dataset creation and offline analysis.
- Implemented authentication and Firestore for secure user profiles and saved transcripts.
- Designed A modern, responsive UI using React.js, TailwindCSS, and ShadCN components.

Heart Disease Prediction

Feb 2024 – May 2024

Machine Learning Project

(Python,Flask,scikit-learn libraries,Classification and Regression Algorithm)

- Built a machine learning model to predict the likelihood of heart disease from clinical data.
- Applied algorithms such as Logistic Regression, SVM, Naive Bayes, KNN, and Random Forest.
- data preprocessing, cleaning, and feature selection for optimal model performance.
- Evaluated models using accuracy, precision, and recall to select the best-performing classifier.

EXPERIENCE

Java Full-Stack Web Development Internship

Feb 2025 – Jun 2025

Kiran Academy

Pune, India

- Developed web applications using Java, JDBC, Servlets, and JSP as part of full-stack training.
- Worked on integrating backend APIs and form validations in dynamic Java-based websites.
- Gained hands-on experience with MVC architecture and responsive front-end development. 2023

Web developement Internship

Jun 2023 – Jul 2023

Lotus Educational Institute

Navi Mumbai,India

- Built interactive web pages using HTML, CSS, and JavaScript for educational purposes.
- Assisted in creating a user-friendly UI and optimizing layouts for mobile responsiveness.
- Contributed to a Node.js-based backend setup with basic routing and database connection.

EDUCATION

Zeal College of Engineering and Research
B.E. Artificial Intelligence and Machine Learning

CGPA : 8.64 , Pune, India
Aug 2024 – Present

Bharati Vidyapeeth Institute of Technology
Diploma in Computer Technology

Percentage : 86.59 , Navi Mumbai, India
Aug 2021 – Aug 2024

St Mary's Multipurpose High School, Vashi
SSC

Percentage : 68.49 , Navi Mumbai, India
Aug 2021

CERTIFICATIONS

- Online MCQ Assessment Coding – Adobe India Hackathon
- Data Analytics Job Simulation – Deloitte Australia
- Java Full Stack Development Internship – Kiran Academy
- Internship Certificate – Lotus Educational Institute
- Introduction to Machine Learning – Infosys Springboard
